

PRATYA GHOSH

FRONT-END DEVELOPER

Dhaka, Bangladesh | [Portfolio](#) | [Github](#)
ghoshprottoy98@gmail.com | [Linkedin](#) | +0181999328

Front-end developer with a focus on delivering impactful results, eager to tackle dynamic challenges and apply creativity to craft intuitive user experiences. I have demonstrated proficiency in developing responsive and user-friendly user interfaces, user-centric problem-solving, and seamless collaboration across teams.

PROFESSIONAL EXPERIENCE

Associate Software Engineer (Front-end), Goods In Motion (GIM)

Jun 2023 - Present

- Developed and integrated new features in Angular applications, ensuring bug-free software through thorough testing and debugging.
- Integrated new APIs using TypeScript, enhanced user interaction, and transformed Figma designs into responsive web pages with Bootstrap, HTML, CSS, and jQuery.
- Optimized Angular projects for performance and contributed to in-house TypeScript libraries, ensuring code reusability and consistency.

Software Developer Intern, Goods In Motion (GIM)

Feb 2023 - May 2023

- Mastered Git for effective collaboration and developed dynamic web applications using React and Angular.
- Enhanced problem-solving, debugging, and optimization skills for more efficient and maintainable projects.

EDUCATION

Bachelor of Science in Computer Science & Engineering

2018 - 2023

Independent University, Bangladesh

- Recipient of Dean's Academic Achievement Award from IUB in Summer 2018 and Summer 2019.
- CGPA: 3.46/4.00

PROGRAMMING SKILLS

Angular, Git, TypeScript, JavaScript (ES6, React, Redux, Node.js, jQuery), Bootstrap 5, HTML, CSS, Vue.js, C++, Python, Java

PROJECTS

STAYBNB ([git link](#))

- Developed a dynamic, responsive front-end interface and a intuitive front-end filters for easy property searches and collaborated on a feature enabling rent negotiations, enhancing user engagement.
- Improved loading times through code optimization and efficient resource management.

CARE NET ([git link](#))

- Developed user registration/login, appointment schedules, report analysis, and patient records features.
- Enabled staff to manage billing, invoices, and inventory, and admin to oversee staff management.

YOUR BANK ([git link](#))

- Implemented OAuth-based Google Sign-In for seamless user registration and login.
- Enabled users to manage their accounts, view all transactions, and set/edit transaction limits.
